Approved and to be attached to the approval certificate,

R. VERHELST

Updated Approval No:	E6*10R05/01*1061*00	BEVASYS :	201817914
Update No :	00	Issue date :	16.07.2019

Communication concerning :

- Approval granted <sup>(1)</sup>
- ~~Approval extended <sup>(1)</sup>~~
- ~~Approval refused <sup>(1)</sup>~~
- ~~Approval withdrawn <sup>(1)</sup>~~
- ~~Production definitively discontinued <sup>(1)</sup>~~

of a type of electrical / electronic sub-assembly <sup>(1)</sup> with regard to Regulation No.10

Approval No : E6\*10R05/01\*1061\*00

Extension No : -

1. Make (trade name of manufacturer) : JULUEN, AXIXTECH, [REDACTED]
2. Type : M073, SM6-D
3. Means of identification of type, if marked on the vehicle/ component / separate technical unit <sup>(1)</sup> :
  - 3.1. Location of that marking : On the lamp
4. Category of vehicle : Not applicated
5. Manufacturer's name and address : JULUEN ENTERPRISE CO., LTD.  
8F-1, No. 502, Da An Rd. Shulin Dist,  
New Taipei City, 238 Taiwan
6. In the case of components and separate technical units,  
location and method of affixing of the approval mark: Label and engraved on the lamp
7. Address(es) of assembly plant(s) : JULUEN ENTERPRISE CO., LTD.  
8F-1, No. 502, Da An Rd. Shulin Dist,  
New Taipei City, 238 Taiwan
8. Additional information (where applicable) : See appendix
9. Technical Service responsible for carrying out the tests: Vincotte N.V.  
Jan Olieslagerslaan 35  
1800 Vilvoorde  
Belgium
10. Date of test report: 16.07.2019
11. Number of test report: H1860667001/528

12. Remarks (if any) : See appendix
13. Place : Brussels
14. Date : 16.07.2019
15. Signature :

ON BEHALF OF THE SECRETARY-GENERAL:

A handwritten signature in black ink, appearing to read 'R. Verhelst'.

R. VERHELST

16. The index to the information package lodged with the Approval Authority, which may be obtained on request is attached:
17. Reason(s) for extension : Not applicated

(1) *Strike out what does not apply. (there are cases where nothing needs to be deleted, when more than one entry is applicable)*

**Appendix to type approval communication form No E6\*10R05/01\*1061\*00.  
concerning the type approval of an electrical/electronic sub-assembly under Regulation No. 10**

- |        |                                                                                                                                                  |                                                                                                                       |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| 1.     | Additional information :                                                                                                                         | See information document                                                                                              |
| 1.1    | Electrical system rated voltage :                                                                                                                | DC 12V/24V pos. / neg. ground <sup>(1)</sup>                                                                          |
| 1.2.   | This ESA can be used on any vehicle type with the following restrictions:                                                                        | See information document                                                                                              |
| 1.2.1. | Installation conditions, if any:                                                                                                                 | See information document                                                                                              |
| 1.3.   | This ESA can be used only on the following vehicle types:                                                                                        | See information document                                                                                              |
| 1.3.1. | Installation conditions, if any:                                                                                                                 | See information document                                                                                              |
| 1.4.   | The specific test method(s) used and the frequency ranges covered to determine immunity were: (Please specify precise method used from Annex 9): | See test report H1860667001/528                                                                                       |
| 1.5.   | Laboratory accredited to ISO 17025 and recognized by the Approval Authority responsible for carrying out the tests :                             | Hsinchu EMC Laboratory<br>No.372-2, Sec. 4, Zhongxing Rd.,<br>Zhudong Township, Hsinchu<br>County 310, Taiwan, R.O.C. |
| 2.     | Remarks :                                                                                                                                        | -                                                                                                                     |
