

## 400 SERIES

### ICAO - Airport Beacon

Get all the advantages of LED technology in this popular 400 Series Beacon with ICAO approval. These beacons combine the solid state, maintenance free and long life nature of LED technology with a proven tough housing design. They are independently homologated & certified for use in airside applications, where intensity of light output is strictly governed for safety purposes to avoid glare. (ICAO is an internationally recognised UN standard governing the safety of equipment used within the aviation industry). Available in 4 different mounting options, 3 bolt, 1 bolt, flexi DIN and mag 50.
